DOUBLE TAXATION RELIEF

We are here to help you claim double taxation relief for Azeri and Kazakh tax.

By virtue of your employment in the Russian Republics you are subject to their taxes. In Azerbaijan and Kazakhstan tax is applied to your salary. Your employers settle this tax on your behalf. If you spend more than 90 days in the UK then PAYE will also be deducted from your salary. The extent to which you have been double taxed can therefore be recovered.

The Azeri and Kazakh tax authorities have primacy because this is where you work. The recovery claim is therefore processed against the UK tax authorities. You will therefore receive a Sterling rebate in the UK.

We don't charge a % of the tax recovered on your behalf.

We don't get the rebates sent to ourselves first

We work on trust and rely on you paying your invoice for the tax recovered. We charge between £150 and £300 for each annual tax return which gives rise to a rebate.

The rebates can run into thousands, and indeed, tens of thousands of pounds.
